

Congressional Update – Congressman Mark DeSaulnier

OCTOBER 21, 2020

The Administration's Response to the Coronavirus Pandemic

- ▶ The United States accounts for just **4%** of the world's population, but **21%** of coronavirus cases and **20%** of coronavirus deaths.
- ▶ Nearly **220,000** lives in the U.S. have been lost as a result of the coronavirus.
 - ▶ In California, more than **16,800** people have died.
- ▶ Confirmed coronavirus cases per capita in the U.S. are more than four times higher than in the average high-income OECD country. Coronavirus deaths per capita are more than twice as high.
- ▶ The **economy lost 22 million jobs** in March and April, only half of which have been recovered.
- ▶ **More than 20% of small businesses remain closed** as a result of the coronavirus and 4 million businesses are estimated to close permanently this year.
- ▶ GDP decreased **31.4%** in the second quarter of 2020, **wiping out five years** of economic growth.
- ▶ The **unemployment rate of 7.9% is more than double what it was in February 2020** and over **25 million** workers received unemployment benefits in the week ending September 26.
- ▶ More than **12 million** people have lost employer-provided health insurance during the pandemic.
- ▶ **40 million people are at risk of losing their homes.**

Action to Address the Coronavirus Crisis

- ▶ On March 4, the House passed the **Coronavirus Preparedness and Response Supplemental Appropriations Act, \$8.3 billion** in emergency funds to provide funding for prevention, preparedness, and response efforts; for the development of treatments and a vaccine; and for low-interest SBA loans to support small businesses that have been affected. – **Signed into law**
- ▶ On March 14, the House passed **Families First Coronavirus Response Act**. This legislation works to address the economic impacts being felt by Americans; it ensures that testing for coronavirus is free, provides for emergency paid sick leave and paid family and medical leave, ensures the availability of unemployment insurance, and secures access to nutrition for children, seniors, and low-income families. – **Signed into law**
- ▶ On March 27, the House passed the **Coronavirus Aid, Relief, and Economic Security (CARES) Act** to provide further economic assistance to families facing lost income and industry sectors whose employees are bearing the brunt of this public health crisis. – **Signed into law**

Action to Address the Coronavirus Crisis For The People

- ▶ On April 23, the House passed the **Paycheck Protection Program and Health Care Enhancement Act** to provide additional emergency small business relief and funding for hospitals, health care workers, and testing.
– **Signed into law**
- ▶ On May 15, House Democrats passed the **HEROES Act** to provide critical funding to state, local, and tribal governments to pay essential workers; establish hazard pay for frontline workers; protect payroll by enhancing the new employee retention tax credit; strengthen the Payroll Protection Program (PPP); extend \$600 federal unemployment payments; ensure worker safety; and provide additional direct economic impact payments of \$1,200 per family member, up to \$6,000 per household.

After the HEROES Act passed, the House permitted proxy voting.

- ▶ On October 1, House Democrats passed the **Updated Heroes Act**, a \$2.2 trillion compromise relief package including the restoration of the \$600 supplemental unemployment payment; an increase in the amount of time unemployed workers can receive unemployment benefits; an expansion of the PPP program, including second loans for hard-hit businesses and targeted assistance for the restaurant industry and independent live venue operators; extension of the Payroll Support Program to keep airline industry workers paid; and another \$1,200 payment per taxpayer and \$500 per dependent.

Support Our Local Community

- ▶ The Updated Heroes Act included **\$436 billion for state, local, territorial and tribal governments.**
- ▶ **Contra Costa County** would receive **\$323,369,224 in federal relief funding**, including funding for our cities and towns such as:
 - ▶ Concord - \$34,238,872
 - ▶ Martinez - \$9,049,722
 - ▶ Pittsburg - \$19,124,061
 - ▶ Richmond - \$25,956,738
 - ▶ Walnut Creek - \$18,434,468

Status of Coronavirus Relief Negotiations

- ▶ Democrats, led by Speaker Pelosi, have repeatedly offered to work with Republicans to pass a coronavirus relief package.
- ▶ In the last few weeks, Speaker Pelosi has been negotiating with Secretary Mnuchin to try to find a compromise that will be in the best interest of the American people.
- ▶ The White House continued to push back on aid to state and local governments, expanding unemployment insurance, funding for a child tax credit, and developing a national coronavirus testing strategy.
- ▶ On October 6, **President Trump ended negotiations with Democratic leaders on a new stimulus package** even as the Federal Reserve Chair, Jerome Powell called for more spending to avoid damaging the country's economic recovery.
- ▶ The White House returned to the negotiating table, but their offers so far have been insufficient and do not provide a strategic plan to crush the virus.

White House Coronavirus Outbreak

Tested positive

Where Are We Now?

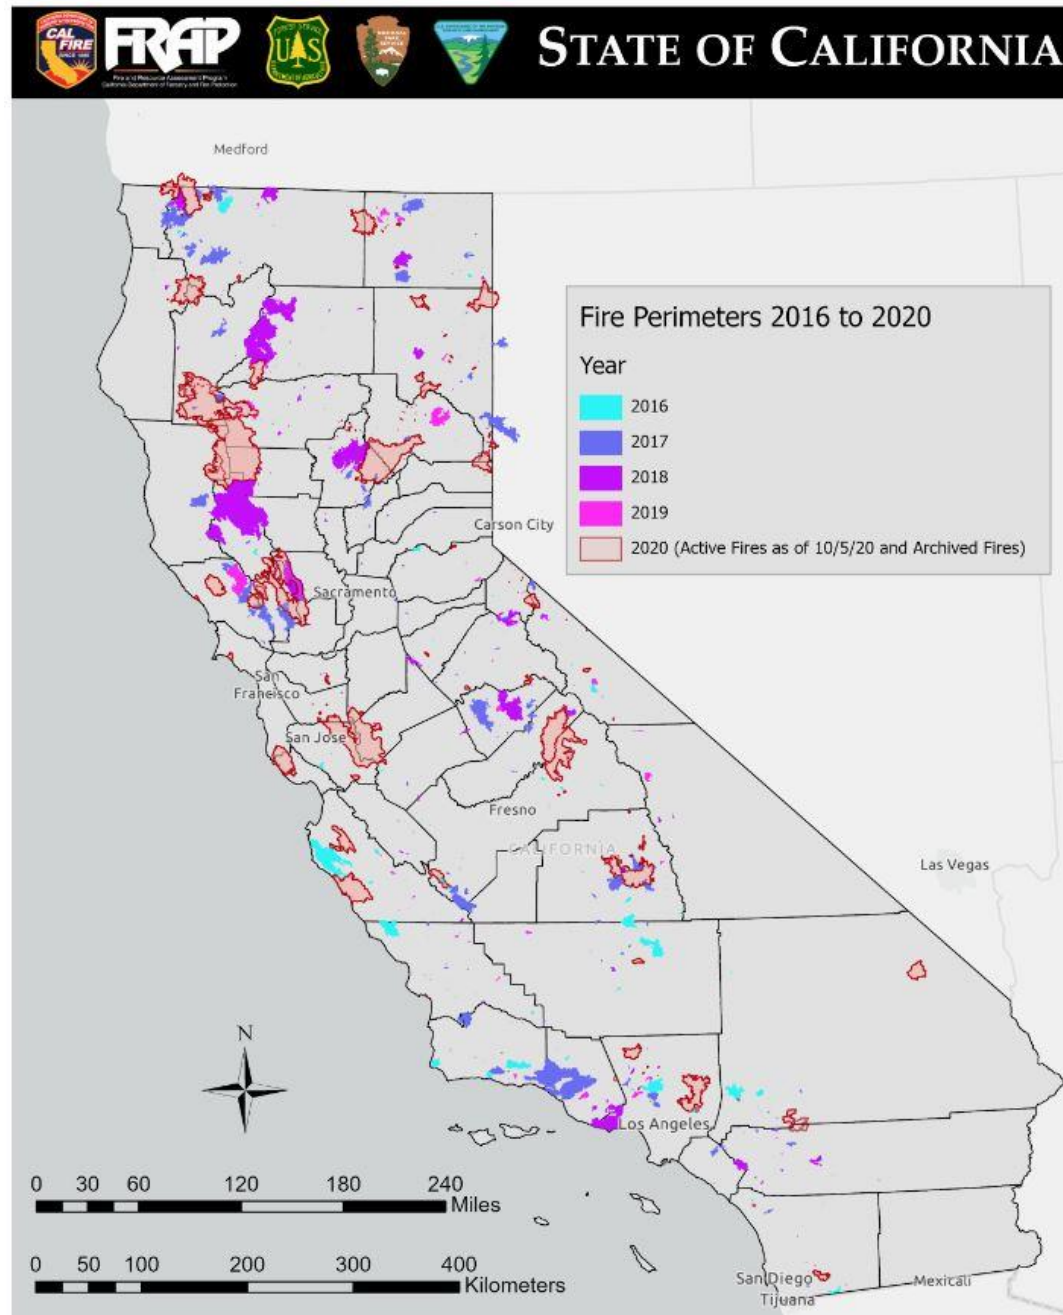

More than 24 people who had been in contact with the President or attended White House or campaign events the week of September 28 have tested positive for coronavirus.

I sponsor a bill to create a **Commission on Presidential Capacity** to Discharge the Powers and Duties of Office, to help ensure effective and uninterrupted leadership if a President is physically or mentally incapacitated.

Where Are We Now? – The Supreme Court

- ▶ Despite Senate Leader McConnell's refusal in 2016 to hold a vote on President Obama's Supreme Court nominee, he committed to ram through a new nominee before the election.
- ▶ **Senate Republicans held hearings on Judge Barrett's nomination Oct. 12-15 and committed to send her nomination to the full Senate by Oct. 22, and confirm her as soon as Oct. 26, eight days before Election Day.**
 - ▶ 2 of the Senators on the Judiciary Committee contracted coronavirus.
- ▶ President Trump's nominee to the Supreme Court, Judge Amy Coney Barrett, has already indicated through her judicial record and public statements that she would **dismantle the Affordable Care Act (ACA)** and **overturn Roe v. Wade**.
- ▶ Democrats in the Senate will do everything possible to delay the process, and will make federal court reform part of their upcoming agenda.
 - ▶ I sponsor the **Supreme Court Term Limits and Regular Appointments Act** (H.R. 8424) to institute an **18-year term limit for future justices** with a new justice added, and another rotating off, every two years.

Historic Wildfire Season

10

Where Are We Now? - Wildfires

With more than **4 million acres burned to-date**, there are over **100 million acres remaining** that could potentially be impacted by wildfire in California.

Where Are We Now? – Postal Service

- ▶ United States Postal Service (USPS) Postmaster General Louis DeJoy **reassigned 23 postal executives** and proposed a hiring freeze, early retirements, unit realignments, and regional downscaling as part of a structural overhaul of USPS.
- ▶ The Postal Service has warned that **voters may be disenfranchised in 46 states and in Washington, D.C.**, even if they send in their ballots by state deadlines, because of the Postmaster General's manufactured delays.
- ▶ While Postmaster General DeJoy announced he was suspending policies responsible for mail delivery delays until after the November election, **he stated that he would not reverse what had already been done.**
- ▶ Sponsored and voted in favor of the **Delivering for America Act**, which would **prohibit** USPS from making any changes to the operations or level of service it had in place on January 1, 2020, until the coronavirus pandemic has ended, provides **\$25 billion in new funding**, and requires that USPS treat all **official election mail as First-Class mail.**
- ▶ On September 17, a federal judge blocked the USPS Postmaster General DeJoy from USPS policies or protocols ahead of November's presidential election.
